Good morning and happy Monday!

Check out the latest news from the EGI Federation.

## Spotlight

### Happy Birthday, EGI!

On February 8th, 2022, the EGI Foundation turned 12! We are happy to celebrate our 12th anniversary as an organisation that empowers researchers with seamless access to computing services, resources and expertise to collaborate and conduct world-class research and innovation.

### EGI stands with Ukraine and its people

EGI promotes national and international solidarity for shared science between countries. Ukraine is a long-standing partner of EGI via the Ukrainian National Grid, and we stand with the country and its people at this critical moment.

### EGI.eu supports Stick to Science

The EGI Foundation supports the initiative Stick to Science, an online campaign for an open and inclusive European Research Area advocating for the inclusion of Switzerland and the UK among the European associated countries.

## Supporting Science

### New Science Cases supported by EGI-ACE

ENES, the European Network for Earth System modelling, is a network of about 50 groups including public, academic and industrial partners working together on strategies to accelerate progress in climate, Earth system modelling and understanding, supported by EGI-ACE.
