EGI Conference 2022: call for abstracts open!

You can now suggest your lightning talk, poster or demonstration in our Call for Abstracts! The deadline is May 31, 2022. Participate and spread the news.

Supporting Science

EOSC Platform Early Adopter

EGI-ACE call for Use Cases

Programme

The next cut-off date to participate in the EOSC Early Adopter Programme is May 15. The programme offers resources and expertise to support use cases in need of EOSC resources and the integration of new services into the EOSC-Core.

31 applicants applied for the EGI-ACE open call for Use Cases. 29 of them received support and already benefit from several advanced computing services. The next cut off date is June 15, 2022. Make sure you apply and get support for your compute and data-intensive science!
