

Top news from the EGI Community

A promotional banner for the EGI 2023 Conference. The background is a light, faded image of a European city street with colorful buildings. In the top left corner is the 'EGI Conference 2023' logo. In the top right corner is the word 'FORWARD' in blue, italicized, uppercase letters. The main text 'EGI 2023' is written in large, white, bold, sans-serif letters, where each letter is filled with a different colorful pattern. Below the 'E' is the text 'www.egi.eu' and '#egi2023'. Below the 'I' is the text '19 – 23 June, 2023' and 'Novotel Poznan Centrum, Poland'. Below the '2' is the text 'Save the Date'.

Showcase your research at #EGI2023!

Time is running out! Did you want to submit an abstract for a Lightning Talk, Demonstration, Workshop/Training or Poster for #EGI2023? Today is your last chance! We've extended the deadline until today, March 31st at 23.59 CEST. Curious about the programme? Want to buy your early bird ticket? Stay tuned for the opening of registrations next week!

20 years of scientific discoveries and innovation with EGI

This year, EGI celebrates 20 years of operations serving science and innovation. We thank the EGI Participants, our community, our members and the European Commission for the ideas, contributions and funding that made this journey possible.

EGI support for Data Spaces

Across the continent, several ongoing initiatives and projects aim at developing data spaces. E- infrastructures, like EGI, play an essential role since common European data spaces rely on solid technical data infrastructure, interconnection and interoperability.

Supporting Science

Breaking the ice: EGI and IceCube collaborate to unlock Neutrino research

Read a new success story and discover how EGI services help advance IceCube Neutrino Observatory experiment research.

the heavily resource-intensive task of distributed deep learning.

Opportunities

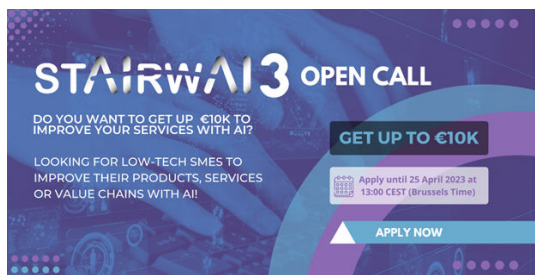

EGI-ACE open call

With this call for use cases, EGI-ACE offers individual researchers, national and international research projects, communities access to infrastructure and platform services, dedicated user support and training. Next cut-off date: 15 April 2023.

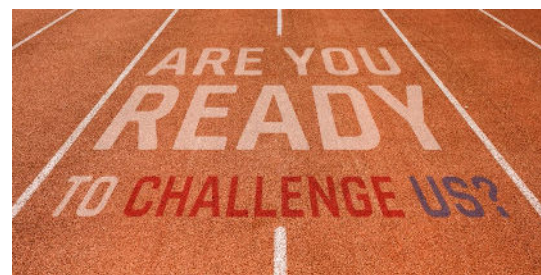

Science communication of RDA calls in the context of EOSC

RDA and EOSC Future are looking for highly qualified individuals, freelancers, or organisations specialised in science communications to showcase the impact of the open calls programme. Deadline: 17 April 2023.

StairwAI third open call

StairwAI opens opportunities targeting SMEs that need access to or knowledge of AI techniques to improve and develop their business with this technology. Deadline: 25 April 2023.

Challenge Us

SoBigData++ has launched Challenge Us, a brilliant opportunity offered to companies who want to unlock the potential of data in their business. Deadline: 30 April 2023.

Events

EGI events at #EGU23

23-28/04/2023 in Vienna

Through its involvement in the GREAT and EGI-ACE projects, EGI is organizing two events at EGU 2023. Join us there!

Data Week 2023

13-15/06/2023 in Luleå

Registration is now open for Data Week 2023, a joint event of BDVA and EUH4D co-organised with RISE Sweden.

CERN School of Computing

20/08-02/09 in Tartu

Registration is open to enrol to this year's CERN School of Computing, co-organised by CERN and the University of Tartu. Apply by 25/04.

Open Science Fair 2023

25-09/07/2023 in Madrid

This year's Open Science Fair will reflect on the future of Open Science and how the community can work to chart the course for future generations. Contribute until 24/04!
