

The logo for the EGI newsletter features the letters 'egi' in a stylized, lowercase blue font. Above the letters is a semi-circular arc of white dots of varying sizes, suggesting a network or data flow. To the right of the 'egi' logo, the word 'newsletter' is written in a clean, white, sans-serif font. The background of the header is a dark blue gradient with out-of-focus bokeh lights in shades of green and yellow.

Top news from the EGI Community

EGI renews BDVA i-Space GOLD Label for two more years

Celebrating our commitment to high standards for data innovation. The award ceremony took place at EBDVF23.

Supporting Science

Elevating FAIR data analytics in EOSC: EGI's SLA with EuroScienceGateway

EuroScienceGateway and EGI have established a Service Level Agreement, fostering EOSC multidisciplinary innovation via FAIR data analytics.

EGI joins CESGA in celebrating their milestone: quantum computer Qmio

Qmio Quantum Computer, a €13.9 mln investment in Galicia, boosting innovation, research, and EGI Federation's support for the community.

Success stories

Computing resources for High Energy Physics experiments at CERN LHC

Explore how EGI services are supporting the worldwide Large Hadron Collider LHC computing grid for advanced physics research.

CREODIAS - Immediate access to cloud-based satellite data and tools

Discover how EGI services support CREODIAS: instant access to satellite data and user-friendly tools for its processing in the cloud.

Project highlights

EGI Breaking Boundaries at eResearch Australasia Conference 2023

Our compelling keynote on 'Europe's Data Spaces and the GREAT Green Deal project' underscored EGI's commitment to data innovation.

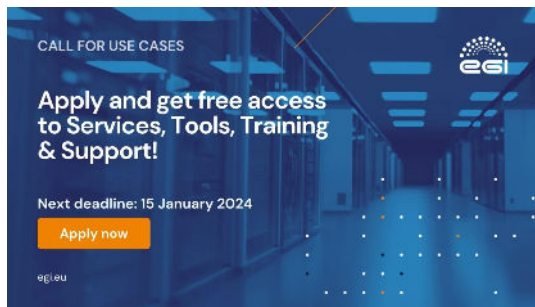

An interdisciplinary Digital Twin Engine for science

Discover selected interTwin use cases in the fields of physics, environmental science and climatology, to develop and test the Digital Twin Engine.
